Brief Introduction

Rice bran extract is prepared from the rice husk. The main ingredient of rice bran extract, Ferulic acid is an antioxidant which neutralizes free radicals that could cause oxidative damage of cell membranes and DNA. Rice bran extract, ferulic acid helps to prevent damage to our cells caused by ultraviolet light. Ferulic acid is often added as ingredient of anti-aging supplements.

Function

Inhibiting platelet aggregation, increase 3h-5ht releasing from platelet.
Anti-oxidation, clear free radical, protective cell, accommodate body immune function.
Anti-bacteria, anti-inflammatory, anti-tumor, anti-mutation, anti-ultraviolet radiation.
Inhibit thrombosis, lower blood viscosity, increase brain microcirculation.

Our Strength

Leading natural plant ingredients supplier in China with 13 years' experience.
6000 square meters production area, large raw material processing ability.
ISO9001, QS, Kosher, and Organic certified.
Overseas warehouse with large inventory and steady supply.
Professional R&D team and strong R&D strength.
