Brief Introduction

Saw palmetto extract is prepared from the fruit of serenoa repens, which is the sole species currently classified in the genus Serenoa. Saw palmetto extract is rich in fatty acid and phytosterols. Saw palmetto extract has been used in traditional medicine for a variety of indications, most notably benign prostatic hyperplasia.

Function

Treat urinary tract infections.
Prevent and relieve symptoms of prostate enlargement.
Maintain healthy blood vessels, nerves and tissues, lower cholesterol.
