Brief Introduction

Stevia leaf extract is prepared from the sweet leaf, the sunflower family (asteraceae) and is related to lettuce and marigolds. Stevioside and rebaudioside are natural constituents of stevia leaf extract. Stevioside is 250 times sweeter than sucrose, and have the potential to serve as non-caloric sweeteners. Stevia leaf extract is already in use as a food sweetener in a number of South American and Asian countries.

Function

Control high blood pressure and blood sugar levels.
Help lose weight and reduce cravings for fatty foods.
Anti-bacterial properties help prevent minor illness and cure minor wounds.
Improve digestion and gastrointestinal functions.

Our Strength

Leading natural plant ingredients supplier in China with 13 years' experience.
6000 square meters production area, large raw material processing ability.
ISO9001, QS, Kosher, and Organic certified.
Overseas warehouse with large inventory and steady supply.
Professional R&D team and strong R&D strength.
